During the time spent attending the Personal Development Program, the student successfully completed the listed courses, thereby attaining an array of transversal skills desirable for a career in any field. Through the completion of the program, the student mastered the following professional skills:

- Self-knowledge and self-confidence
- Self-motivation and motivation of others
- Interpersonal skills
- Adaptation skills
- Logical / creative / critical thinking
- Judgment and analytical and research skills
- Counseling, coaching and training skills
- Defining of career goal and individual action plan
- Teamwork

Mentor's opinion:

The student exhibited a great deal of enthusiasm and dedication throughout the Personal Development Program. In concrete tasks, he proved to be an excellent and proactive team player, with a high level of engagement in problem solving and overcoming potential conflicts in interpersonal communication.

Since the student showed a high level of involvement, as well as great dedication, and excellently demonstrated teamwork, I heartily recommend him to the future employer or collaborator.
